

Elizabeth Catez (1880-1906)

Path of light, of love and of life...

Saint Elizabeth of the Trinity...With what joy we invoke her name, she whose message radiates today throughout the whole world, and whom the Church canonizes in this Holy Year of Mercy! A piano virtuoso of fiery temperament, this Carmelite nun was fascinated by God and close to all...These seven panels are seven steps that will help you to discover her and be drawn to Elizabeth as a friend, a guide and a sister...

Saint Elizabeth of the Trinity would like to say to each of you what she wrote to a friend just a few days before her death :

*"You will have battles to fight on the path of life...
Call your little sister, she will be so glad to help you..."*
